Search engines will not search the library resources. Login to resources off campus using your aub email and password. Make notes of sources you find as you will need them to make your bibliography. Critically assess and reflect on resources the further they are from the center of the map. Searching will reveal many more resources.
REFLECT on your task and think of as many keywords as possible.

EXPLOR**e** the resources mapped on the back of this leaflet.

ASSESS what you find as you EXPLOR**e**, add new keywords as you continue to REFLECT.
