make notes of sources you find as you will need them to make your bibliography

searching will reveal many more resources

critically ASSESS and REFLECT on resources the further they are from the center of the map

search engines will not search the library resources

login to resources off campus using your aub email and password
REFLECT on your task and think of as many keywords as possible.

ASSESS what you find as you EXPLORE, add new keywords as you continue to REFLECT.

EXPLORE the resources mapped on the back of this leaflet.
